Our job is to make it easy for you to purchase, own, and enjoy a good quality boat. We source any 2nd hand boats through reputable dealers and use independent surveyors to verify quality prior to committing to purchase. You have the advantage of our knowledge of the Luhrs range and individual boats, access to Luhrs records, and the modifications each model requires to offer the best possible performance in Australia. Our research is constant and ongoing so we know pretty well the boats that are poorly maintained, thrashed, stripped, or damaged. We work hard to find good quality boats for our clients.
