## Beat the price rises

First zebad news: Prices will rise by approx 5% this month because of increased raw material costs. We have around 14 days to get deposits into the system to beat the increases. These are the first prices from Luhrs in over 2 years. Rising oil prices are also leading to increased shipping prices.

Now zegood news: Luhrs are offering some incredible packages on New Boats & Raymarine packages at present. For example, we have just put this one together for a new Luhrs 30: 2x Raymarine C120W colour screens (one on bridge, one on tower), 1Kw Broadband sounder, 4Kw radar, twin station autopilot, and twin station VHF— \$25,988 incl installation and GST.
